

Course Syllabus

Fire Awareness Course

This course is aimed at all company personnel.

The aim of this course is to;

- Provide information regarding the latest fire regulations applicable to the workplace.
- Raise your awareness of fire, how fire develops and how to prevent fires in your workplace.
- Show how to extinguish fires using the correct extinguishing media (theory only).
- Confirm evacuation procedures as per company literature.

By the end of the session candidates will be able to:

- Explain the legal framework applicable to fire safety at work.
- Explain the theory of combustion and ways of preventing fires.
- Choose the correct extinguisher for any given fire.
- Explain and simulate escape from a smoke filled environment.
- Describe and carry out the correct evacuation procedure as per company literature.

Certification

A certificate of attendance will be awarded to all successful candidates who complete this course.
